# ASSESSMENT OF ENGLISH FOR BETTER TEACHING AND LEARNING

All National Geographic Learning programs have assessment resources to support teachers as they place students, monitor students' progress towards learning outcomes, and deliver tests and exams.

Student takes their placement test in Spark in the United States.

## PLACE INTO A PROGRAM

National Geographic Learning Online Placement provides **valid placement** and recommends a pathway into programs for primary, upper-secondary, adult, and academic learners.

Students work together with help from their teacher in Spain.

## MONITOR PROGRESS

Integrated **formative assessment**, available in print and on the Spark platform, helps teachers to monitor students' knowledge of learning objectives for better teaching and learning.

Teacher reviews their Gradebook in Spark in the United States.

## ASSESS LEARNING

**Summative assessments** track students' knowledge against the course learning objectives. Tools on Spark like ready-made tests, customizable tests delivered online, automatic grading, and rubrics, give teachers both flexibility and confidence in evaluating their students.

## TRACK TO LEARNING OUTCOMES AND IDENTIFY TEACHING OPPORTUNITIES

The **Course Gradebook** and **Administrative Reporting** on Spark enable tracking to learning outcomes and global standards at the student, class, and institutional levels.

- Student Performance views allow teachers to easily track each student's performance and effort on assigned work and tests.
- Class Performance views display how groups of students are performing collectively.
- Administrative Reporting views display performance at the institutional level for ease in documenting school-wide success.

This information helps teachers know where to adjust lessons or provide personalized support.

*Perspectives* is a four-level series that teaches learners to think critically and to develop the language skills they need to find their own voice in English. The carefully-guided language lessons, real-world stories, and TED Talks motivate learners to think creatively and communicate effectively.

- Every unit explores one idea from different perspectives, giving learners opportunities for practicing language as they look at the world in new ways.
- Students learn the critical thinking skills and strategies they need to evaluate new information and develop their own opinions and ideas.
- Students respond to the unit theme and express their own ideas confidently in English.
- Exam-style task types and test-taking strategies prepare students for a range of international exams.
- Integrated digital tools for every stage of teaching and learning are available on the Spark platform.

GRAMMAR

# GRAMMAR FOR GREAT WRITING

THE IDEAL GRAMMAR COMPONENT FOR ANY WRITING CLASS!

3 Levels | B1 to C1

Low Intermediate to High-Intermediate American English

*Grammar for Great Writing* is a three-book series that focuses on the key grammatical and lexical elements learners need to become more powerful academic writers. Ideal for the grammar component of a writing class, *Grammar for Great Writing* may be used as a companion to the *Great Writing* series or in conjunction with any academic writing series.

- Emphasis on the most common errors found in student writing provides a more effective approach to grammar for writing.
- Corpus-informed vocabulary most frequently associated with the target grammar results in more fluent student writing.
- A variety of editing activities refines students' writing and improves accuracy.
- Writing samples in various rhetorical modes provide relevant practice.
